Health Exam and Immunization Information

Parents are reminded to bring the required health records when they register their children for school. Students entering kindergarten, 6th, and 9th grades are required to have a physical examination (including the parents signed health history section), and up-to-date immunization records (including completion of Hepatitis B series, a Tdap booster in 6th grade, and 2 doses of Varicella vaccine in 6th and 9th Grades). Also, students entering 6th Grade are now required to show proof of receiving 1 dose on or after 11th birthday of Meningococcal Conjugate. Students entering 12th grade are now required to show proof of receiving 2 doses of Meningococcal Conjugate vaccine. First dose on or after 11th birthday and 2nd dose on or after 16th birthday. If 1st dose is administered when student is 16 or older, only 1 dose is required. All the above requirements are to be completed by October 15. Dental exams are required during kindergarten, 2nd, 6th, and 9th grades (to be completed sometime during the school year). An eye exam is also required before starting kindergarten. Exam forms are available from the office of any school.

Students in grades 4, 5, 7, 8, 10, 11, and 12 trying out for sports/cheerleading activities, are required to have a sports physical examination (current within the last 395 days of the duration of the sport, not the starting date). Documentation must state that the student is able to participate in certain or all activities. The sixth grade and ninth grade school physicals will complete the sports requirement for those grades, so no additional sports physical is required.

New Students to the District

- Any new student to the district for the first time must provide a certified birth certificate, a certified social security card, proof of a physical examination and eye examination, and up-to-date immunization records. They must also have a dental examination if they are entering kindergarten, second, sixth, or ninth grades (to be completed by May 15th of the current school year).
- Elementary students that were not in attendance at the end of last school year should call East Side School at 643-3323 or 643-2328, extension 6181, 6110, or 6118 to determine in which elementary school they should register. In order to balance classes, parents of these students should call by Thursday, July 28.
- New High School students to the district that do not have a schedule already developed should call Mrs. Rubenacker in the guidance office at 643-2328, ext. 2116, to set up an appointment prior to August 1. New Jr. High students should contact Mr. Craig at 643-2328, extension 2129.
